

## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>5-Bromo-7-nitroindoline</b> |
| Specifications & Purity: | 98%                            |
| SKU #                    | <b>B111472</b>                 |

| Parameter            | Limit Values          |
|----------------------|-----------------------|
| Melting point        | 128-133 (°C)          |
| Purity(HPLC)         | 98-100 (%)            |
| Appearance (B111472) | orange powder         |
| Proton NMR spectrum  | Conforms to structure |
