

## Specification Sheet

Product Name: **1,1-Bis(4-aminophenyl)cyclohexane**  
Specifications & Purity: **98%**  
SKU #: **B121456**

| Parameter                                 | Limit Values              |
|-------------------------------------------|---------------------------|
| Purity(HPLC)                              | 98-100 (%)                |
| Appearance (B121456)                      | White to Off-White Powder |
| Proton NMR spectrum                       | Conforms to Structure     |
| Solubility in MeOH , Very faint turbidity | pass                      |
