

## Specification Sheet

Product Name: **6-Bromoveratraldehyde**  
Specifications & Purity: **>95.0%(GC)**  
SKU # **B129195**

| Parameter                                    | Limit Values                            |
|----------------------------------------------|-----------------------------------------|
| Melting point                                | 146-152 (°C)                            |
| Purity(GC)                                   | 95-100 (%)                              |
| Appearance (B129195)                         | White to light brown crystalline powder |
| Infrared spectrum                            | Conforms to Structure                   |
| Solubility in Toluene , very faint turbidity | pass                                    |
