## Specification Sheet

|                          |                                    |
|--------------------------|------------------------------------|
| Product Name:            | <b>4-Bromo-N-methylphthalimide</b> |
| Specifications & Purity: | >98.0%(GC)                         |
| SKU #                    | <b>B151936</b>                     |

| Parameter            | Limit Values                            |
|----------------------|-----------------------------------------|
| Proton NMR spectrum  | Conforms to structure                   |
| Purity(GC)           | 98-100 (%)                              |
| Appearance (B151936) | White to Almost white powder to crystal |
| Melting point        | 147-151 (°C)                            |
