

## Specification Sheet

Product Name: **2-Benzoylpyridine**  
Specifications & Purity: **>99.0%(GC)**  
SKU #: **B152134**

| Parameter           | Limit Values                            |
|---------------------|-----------------------------------------|
| Purity(GC)          | 99-100 (%)                              |
| Melting point       | 42-46 (°C)                              |
| Proton NMR spectrum | Conforms to Structure                   |
| Appearance(B152134) | White to Light yellow powder to crystal |
