

## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>Bis(2-ethylhexyl) Ether</b> |
| Specifications & Purity: | >85.0%(GC)                     |
| SKU #                    | <b>B152986</b>                 |

| Parameter            | Limit Values                                          |
|----------------------|-------------------------------------------------------|
| Purity(GC)           | 85-100 (%)                                            |
| Appearance (B152986) | Colorless to pale yellow to Red to Green clear liquid |
| Proton NMR spectrum  | Conforms to Structure                                 |
