

## Specification Sheet

Product Name: **3-Bromo-4,5-diaminobenzotrifluoride**  
Specifications & Purity: **97%**  
SKU #: **B165998**

| Parameter             | Limit Values                                 |
|-----------------------|----------------------------------------------|
| Purity(HPLC)          | 97-100 (%)                                   |
| Melting point         | 61-65 (°C)                                   |
| Appearance (B165998)  | White to brown powder,crystals and/or chunks |
| Fluorine NMR Spectrum | Conforms to Structure                        |
| Proton NMR spectrum   | Conforms to Structure                        |
