## Specification Sheet

|                          |                                  |
|--------------------------|----------------------------------|
| Product Name:            | <b>2-Bromobenzenesulfonamide</b> |
| Specifications & Purity: | ≥98%                             |
| SKU #                    | <b>B188317</b>                   |

| Parameter            | Limit Values          |
|----------------------|-----------------------|
| Purity(HPLC)         | 98-100 (%)            |
| Melting point        | 191-195 (°C)          |
| Appearance (B188317) | White to brown powder |
| Proton NMR spectrum  | Conforms to Structure |
