

## Specification Sheet

|                          |                                                   |
|--------------------------|---------------------------------------------------|
| Product Name:            | <b>2-(4-Boronobenzoyl)hydrazinecarbothioamide</b> |
| Specifications & Purity: | ≥98%                                              |
| SKU #                    | <b>B188727</b>                                    |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 98-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
