## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>4-Bromo-7-methyl-2,1,3-benzothiadiazole</b> |
| Specifications & Purity: | ≥98%(HPLC)                                     |
| SKU #                    | <b>B290622</b>                                 |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(GC)               | 98-100 (%)            |
| NMR Spectrum 1H          | Conforms to Structure |
| GC-MS for identification | Conforms              |
