

## Specification Sheet

|                          |                                            |
|--------------------------|--------------------------------------------|
| Product Name:            | <b>2,2'-bipyridine-5,5'-dicarbaldehyde</b> |
| Specifications & Purity: | ≥98 %                                      |
| SKU #                    | <b>B299861</b>                             |

| Parameter           | Limit Values                     |
|---------------------|----------------------------------|
| Appearance(B299861) | Off-white to light yellow powder |
| Purity(NMR)         | 98-100 (%)                       |
| Proton NMR spectrum | Conforms to structure            |
