## Specification Sheet

|                          |                                                    |
|--------------------------|----------------------------------------------------|
| Product Name:            | <b>3-t-Butyldimethylsilanyloxy Propionaldehyde</b> |
| Specifications & Purity: | 95%                                                |
| SKU #                    | <b>B304852</b>                                     |

| Parameter                 | Limit Values          |
|---------------------------|-----------------------|
| Purity(GC)                | 95-100 (%)            |
| Appearance (B304852Color) | Colorless             |
| Appearance (B304852Form)  | Transparent Liquid    |
| Proton NMR spectrum       | Conforms to Structure |
