

## Specification Sheet

|                          |                                              |
|--------------------------|----------------------------------------------|
| Product Name:            | <b>Boc-2-fluoro-L-beta-homophenylalanine</b> |
| Specifications & Purity: | 98%                                          |
| SKU #                    | <b>B356196</b>                               |

| Parameter             | Limit Values          |
|-----------------------|-----------------------|
| Fluorine NMR Spectrum | Conforms to structure |
| Purity(HPLC)          | 98-100 (%)            |
| Proton NMR spectrum   | Conforms to structure |
