## Specification Sheet

|                          |                                     |
|--------------------------|-------------------------------------|
| Product Name:            | <b>Biotin-PEG4-alkyne</b>           |
| Specifications & Purity: | for copper catalyzed click labeling |
| SKU #                    | <b>B485793</b>                      |

| Parameter                | Limit Values                                                                                                         |
|--------------------------|----------------------------------------------------------------------------------------------------------------------|
| Purity(HPLC area)        | 98-100 (%)                                                                                                           |
| Appearance(B485793)      | White to Light Yellow and Faint Beige to Beige and Faint Brown to Light Brown Powder or Solid or Crystals or Granule |
| LC-MS for identification | Conforms                                                                                                             |
