## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>Bicyclo[4.1.0]heptane-7-carboxylic acid</b> |
| Specifications & Purity: | ≥97%(mixture of isomers)                       |
| SKU #                    | <b>B680464</b>                                 |

| Parameter                     | Limit Values          |
|-------------------------------|-----------------------|
| Proton NMR spectrum           | Conforms to Structure |
| Purity(Mixture of isomers,GC) | 97-100 (%)            |
| GC-MS for identification      | Conforms              |
