## Specification Sheet

|                          |                                              |
|--------------------------|----------------------------------------------|
| Product Name:            | <b>2-Bromo-4-fluoro-5-methylbenzonitrile</b> |
| Specifications & Purity: | ≥98%                                         |
| SKU #                    | <b>B731589</b>                               |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Fluorine NMR Spectrum    | Conforms to Structure |
| Purity(GC)               | 98-100 (%)            |
| GC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
