

## Specification Sheet

Product Name: **Cysteamine**  
Specifications & Purity: Moligand™, ≥95%  
SKU #: **C106461**

| Parameter                                                   | Limit Values                                 |
|-------------------------------------------------------------|----------------------------------------------|
| Melting point                                               | 96-100 (°C)                                  |
| Purity(Iodometric Titration)                                | 94.5-105.5 (%)                               |
| Appearance (C106461)                                        | White to Off-White Powder or Solid or Chunks |
| Proton NMR spectrum                                         | Conforms to Structure                        |
| Solubility1M HCl , Colorless to faint yellow clear 100mg/ml | pass                                         |
