## Specification Sheet

|                          |                                                  |
|--------------------------|--------------------------------------------------|
| Product Name:            | 4-[(2-Chloro-6-fluorophenyl)methoxy]benzaldehyde |
| Specifications & Purity: | ≥95%                                             |
| SKU #                    | C1073480                                         |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 95-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
