## Specification Sheet

|                          |                                                                |
|--------------------------|----------------------------------------------------------------|
| Product Name:            | <b>p-Chlorotoluene solution</b>                                |
| Specifications & Purity: | analytical standard, 1000ug/ml in methanol, for water analysis |
| SKU #                    | <b>C113012</b>                                                 |

|                  |                     |
|------------------|---------------------|
| <b>Parameter</b> | <b>Limit Values</b> |
| Concentration    | 970-1030 (mg/L)     |
