

## Specification Sheet

|                          |                          |
|--------------------------|--------------------------|
| Product Name:            | <b>Corn steep liquor</b> |
| Specifications & Purity: | reagent grade            |
| SKU #                    | <b>C116026</b>           |

| Parameter                 | Limit Values                     |
|---------------------------|----------------------------------|
| Protein Content           | ≥40 (%)                          |
| Solid Content             | 37-60 (%)                        |
| Appearance (C116026)      | Yellow-Brown to Brown Suspension |
| PH(5% in water)           | 3.5-5                            |
| Sulfur Dioxide(Dry Basis) | ≤0.4 (%)                         |
