

## Specification Sheet

|                          |                                      |
|--------------------------|--------------------------------------|
| Product Name:            | <b>3-Chloro-2-methylbenzonitrile</b> |
| Specifications & Purity: | 97%                                  |
| SKU #                    | <b>C124027</b>                       |

| Parameter            | Limit Values                                 |
|----------------------|----------------------------------------------|
| Purity(GC)           | 97-100 (%)                                   |
| Appearance (C124027) | Colorless to White to Yellow Liquid or Solid |
| Proton NMR spectrum  | Conforms to Structure                        |
