

## Specification Sheet

|                          |                                               |
|--------------------------|-----------------------------------------------|
| Product Name:            | <b>Carbazochrome sodium sulfonate (AC-17)</b> |
| Specifications & Purity: | ≥98%                                          |
| SKU #                    | <b>C129368</b>                                |

| Parameter            | Limit Values          |
|----------------------|-----------------------|
| Purity(HPLC)         | 98-100 (%)            |
| Appearance (C129368) | orange powder         |
| NMR spectrum         | Conforms to Structure |
