

## Specification Sheet

|                          |                                                 |
|--------------------------|-------------------------------------------------|
| Product Name:            | <b>3-Chloro-4-hydroxy-5-methoxybenzaldehyde</b> |
| Specifications & Purity: | 96%                                             |
| SKU #                    | <b>C168275</b>                                  |

| Parameter            | Limit Values                                  |
|----------------------|-----------------------------------------------|
| Melting point        | 162-169 (°C)                                  |
| Purity(HPLC)         | 96-100 (%)                                    |
| Appearance (C168275) | White to Grey and Faint Beige to Beige Powder |
| Proton NMR spectrum  | Conforms to Structure                         |
