

## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>5-(Chlorosulfonyl)-2-methylbenzoic acid</b> |
| Specifications & Purity: | <b>≥97%</b>                                    |
| SKU #                    | <b>C178037</b>                                 |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             |                       |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
