## Specification Sheet

|                          |                                                   |
|--------------------------|---------------------------------------------------|
| Product Name:            | <b>3-(Chloromethyl)-5-methyl-1,2,4-oxadiazole</b> |
| Specifications & Purity: | ≥98%                                              |
| SKU #                    | <b>C189992</b>                                    |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(GC)               | 98-100 (%)            |
| NMR Spectrum 1H          | Conforms to Structure |
| GC-MS for identification | Conforms              |
