

## Specification Sheet

|                          |                                                          |
|--------------------------|----------------------------------------------------------|
| Product Name:            | <b>2,4-Dichloro-alpha-(Chloromethyl)-Benzenemethanol</b> |
| Specifications & Purity: | 95%                                                      |
| SKU #                    | <b>C299870</b>                                           |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(HPLC)        | 98-100 (%)            |
| Melting point       | 48-53 (°C)            |
| Proton NMR spectrum | Conforms to Structure |
