## Specification Sheet

|                          |                                                                                    |
|--------------------------|------------------------------------------------------------------------------------|
| Product Name:            | <b>2-Chloro-5-fluorophenylboronic Acid (contains varying amounts of Anhydride)</b> |
| Specifications & Purity: | 98%                                                                                |
| SKU #                    | <b>C303733</b>                                                                     |

| Parameter                        | Limit Values                            |
|----------------------------------|-----------------------------------------|
| Appearance(C303733)              | White to Almost white powder to crystal |
| FNMR spectrum                    | Conforms to Structure                   |
| Purity(Neutralization titration) | 97-112 (%)                              |
| Proton NMR spectrum              | Conforms to structure                   |
