## Specification Sheet

|                          |                                  |
|--------------------------|----------------------------------|
| Product Name:            | <b>Chloramphenicol 1-Acetate</b> |
| Specifications & Purity: | ≥98%                             |
| SKU #                    | <b>C348072</b>                   |

| Parameter           | Limit Values             |
|---------------------|--------------------------|
| Appearance(C348072) | White to Off-White Solid |
| Purity(HPLC)        | 98-100 (%)               |
| Proton NMR spectrum | Conforms to structure    |
| Mass spectrum       | Conforms to standard     |
