

## Specification Sheet

Product Name: **Copper(II) isopropoxide**  
Specifications & Purity: **≥98%(metals basis)**  
SKU #: **C348914**

| Parameter                              | Limit Values          |
|----------------------------------------|-----------------------|
| Purity(Based On Trace Metals Analysis) | 98-100 (%)            |
| Total metal impurity                   | 0-2 (%)               |
| ICP: Confirms Copper Component         | Conforms              |
| Infrared spectrum                      | Conforms to Structure |
