## Specification Sheet

|                          |                               |
|--------------------------|-------------------------------|
| Product Name:            | <b>Cholesteryl Linolenate</b> |
| Specifications & Purity: | 98%                           |
| SKU #                    | <b>C353155</b>                |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC area)        | 98-100 (%)            |
| LC-MS for identification | Conforms              |
| NMR Spectrum 1H          | Conforms to Structure |
