## Specification Sheet

|                          |                                                  |
|--------------------------|--------------------------------------------------|
| Product Name:            | <b>Carbon Nanotube Bundled Multi-walled</b>      |
| Specifications & Purity: | ≥ 95%, outer diameter: 30-80nm, length: 0.5-2 μm |
| SKU #                    | <b>C491656</b>                                   |

| Parameter           | Limit Values |
|---------------------|--------------|
| Appearance(C491656) | black powder |
| Purity              | 95-100 (%)   |
| Outer Diameter      | 30-80 (nm)   |
| Length              | 0.5-2 (μm)   |
