## Specification Sheet

|                          |                                            |
|--------------------------|--------------------------------------------|
| Product Name:            | <b>6-Chloro-2-naphthylsulfonylchloride</b> |
| Specifications & Purity: | ≥95%                                       |
| SKU #                    | <b>C724919</b>                             |

**Parameter**Assay(Titration by AgNO<sub>3</sub>)

Appearance(C724919)

Proton NMR spectrum

**Limit Values**

95-105 (%)

Light yellow to yellow (Solid)

Conforms to Structure
