## Specification Sheet

|                          |                                                                                    |
|--------------------------|------------------------------------------------------------------------------------|
| Product Name:            | Creatine Kinase MM (CKMM)                                                          |
| SKU #:                   | C774094                                                                            |
| Version:                 | 2                                                                                  |
| Source:                  | Recombinant                                                                        |
| Specifications & Purity: | Bioactive, High performance, ActiBioPure™, EnzymoPure™, ≥90% (SDS-PAGE), ≥500 U/mL |
| Concentration:           | ≥500 U/mL                                                                          |
| Formulation:             | Liquid                                                                             |
| Reconstitution:          |                                                                                    |
| Storage Conditions:      | Store at -20°C, Avoid repeated freezing and thawing                                |

| Parameter           | Limit Values            |
|---------------------|-------------------------|
| Appearance(C774094) | Colourless clear liquid |
| Enzyme Activity     | ≥500(U/ml)              |
| Purity(SDS-PAGE)    | 90-100(%)               |
