

## Specification Sheet

Product Name: **2,6-Difluoronitrobenzene**  
Specifications & Purity: **≥98%**  
SKU #: **D122676**

| Parameter            | Limit Values                                              |
|----------------------|-----------------------------------------------------------|
| Purity(GC)           | 98-100 (%)                                                |
| Appearance (D122676) | White to yellow to dark yellow,yellow-orange solid,liquid |
| Infrared spectrum    | Conforms to Structure                                     |
| Proton NMR spectrum  | Conforms to Structure                                     |
