

## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>2,5-Difluoro-4-(trifluoromethyl)aniline</b> |
| Specifications & Purity: | 97%                                            |
| SKU #                    | <b>D122754</b>                                 |

| Parameter            | Limit Values          |
|----------------------|-----------------------|
| Purity(HPLC)         | 97-100 (%)            |
| Appearance (D122754) | Liquid                |
| Proton NMR spectrum  | Conforms to Structure |
