## Specification Sheet

|                          |                                                       |
|--------------------------|-------------------------------------------------------|
| Product Name:            | <b>2,5-Diamino-1,4-benzenedithiol Dihydrochloride</b> |
| Specifications & Purity: | ≥97%(HPLC)                                            |
| SKU #                    | <b>D136032</b>                                        |

| Parameter            | Limit Values                          |
|----------------------|---------------------------------------|
| Purity(HPLC)         | 97-100 (%)                            |
| Appearance (D136032) | White to Light Yellow Powder or Solid |
| Proton NMR spectrum  | Conforms to Structure                 |
