

## Specification Sheet

|                          |                                                          |
|--------------------------|----------------------------------------------------------|
| Product Name:            | <b>Direct Black 38</b>                                   |
| Specifications & Purity: | intensity $\geq 45$ %, Contains sodium sulfate anhydrous |
| SKU #                    | <b>D140795</b>                                           |

| Parameter                                                     | Limit Values          |
|---------------------------------------------------------------|-----------------------|
| Dye Intensity                                                 | $\geq 45$ (%)         |
| Insoluble matter                                              | 0-1 (%)               |
| Moisture content                                              | 0-6 (%)               |
| Appearance (D140795)                                          | white to black powder |
| Color Shade                                                   | pass                  |
| Solubility in H <sub>2</sub> O , Dark Green to Black, 1 mg/ml | pass                  |
