Specification Sheet

| | |
|--------------------------|--|
| Product Name: | Datura Stramonium Lectin (DSL) |
| SKU #: | D1451323 |
| Version: | 1 |
| Source: | Native |
| Specifications & Purity: | BioReagent, Native |
| Concentration: | |
| Formulation: | Lyophilized |
| Reconstitution: | Reconstitute in 10 mM HEPES buffered saline, pH 8.5, 0.1 mM CaCl ₂ . For preserving solutions stored at 4 °C, 0.08% sodium azide can be used. Aggregation may occur with time if stored at concentrations greater than 2 mg/ml. |
| Storage Conditions: | Store at 2-8°C |

| Parameter | Limit Values |
|----------------------|---------------------------|
| Appearance(D1451323) | White to off-white powder |
| Activity≥85% | Conform |
| SDS-PAGE | Conform |
