## Specification Sheet

|                          |                                         |
|--------------------------|-----------------------------------------|
| Product Name:            | <b>5,6-Dichloro-2,3-dicyanopyrazine</b> |
| Specifications & Purity: | ≥98%                                    |
| SKU #                    | <b>D154166</b>                          |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(HPLC)        | 98-100 (%)            |
| Melting point       | 178-184 (°C)          |
| Proton NMR spectrum | Conforms to Structure |
