

## Specification Sheet

Product Name: **Dichlorotitanium Diisopropoxide**  
Specifications & Purity: **≥95%(T)**  
SKU #: **D154269**

| Parameter                       | Limit Values                            |
|---------------------------------|-----------------------------------------|
| Purity(Chelometric Titration)   | 94.5-105.5 (%)                          |
| Appearance(D154269)             | White to Light yellow powder to crystal |
| Melting point                   | 57-61 (°C)                              |
| ICP:Confirms Titanium Component | Confirmed                               |
