## Specification Sheet

|                          |                         |
|--------------------------|-------------------------|
| Product Name:            | <b>Diethylcyanamide</b> |
| Specifications & Purity: | ≥98%(GC)                |
| SKU #                    | <b>D154665</b>          |

| Parameter           | Limit Values                                   |
|---------------------|------------------------------------------------|
| Purity(GC)          | 98-100 (%)                                     |
| Appearance(D154665) | Colorless to Almost colorless to Yellow liquid |
| NMR Spectrum 1H     | Conforms to structure                          |
