## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>1,3-Dihydroxyacetone Oxime</b> |
| Specifications & Purity: | 98%                               |
| SKU #                    | <b>D154972</b>                    |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Melting point       | 82-85 (°C)            |
| Proton NMR spectrum | Conforms to Structure |
| Purity(HPLC area)   | 98-100 (%)            |
