## Specification Sheet

|                          |                                               |
|--------------------------|-----------------------------------------------|
| Product Name:            | <b>Disodium Anthraquinone-2,6-disulfonate</b> |
| Specifications & Purity: | ≥98%(HPLC)(T)                                 |
| SKU #                    | <b>D155118</b>                                |

| Parameter             | Limit Values          |
|-----------------------|-----------------------|
| Purity (T)(anhydrous) | 97.5-102.5 (%)        |
| Purity(HPLC)          | 98-100 (%)            |
| Proton NMR spectrum   | Conforms to Structure |
