## Specification Sheet

|                          |                                                                           |
|--------------------------|---------------------------------------------------------------------------|
| Product Name:            | <b>2-(2,4-Dihydroxyphenyl)-4,6-bis(2,4-dimethylphenyl)-1,3,5-triazine</b> |
| Specifications & Purity: | 97%                                                                       |
| SKU #                    | <b>D155484</b>                                                            |

| Parameter           | Limit Values                                            |
|---------------------|---------------------------------------------------------|
| Appearance(D155484) | White to Light yellow to Light orange powder to crystal |
| Purity(HPLC area)   | 97-100 (%)                                              |
| NMR Spectrum 1H     | Conforms to Structure                                   |
| Melting point       | 200-210 (°C)                                            |
