

## Specification Sheet

|                          |                                                      |
|--------------------------|------------------------------------------------------|
| Product Name:            | <b>1,2-Dioleoyl-sn-glycero-3-phosphoethanolamine</b> |
| Specifications & Purity: | ≥98.0%                                               |
| SKU #                    | <b>D155634</b>                                       |

| Parameter            | Limit Values                          |
|----------------------|---------------------------------------|
| Purity(HPLC)         | 98-100 (%)                            |
| Appearance (D155634) | white to light yellow wax or crystals |
| Proton NMR spectrum  | Conforms to Structure                 |
