

## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>2,4-Dibromobenzaldehyde</b> |
| Specifications & Purity: | ≥98%                           |
| SKU #                    | <b>D193957</b>                 |

| Parameter                | Limit Values                         |
|--------------------------|--------------------------------------|
| Appearance(D193957)      | White to Off-white to yellow (Solid) |
| Purity(GC)               | 98-100 (%)                           |
| NMR Spectrum 1H          | Conforms to Structure                |
| GC-MS for identification | Conforms                             |
