## Specification Sheet

|                          |                                     |
|--------------------------|-------------------------------------|
| Product Name:            | <b>Diethyltoluenediamine(DETDA)</b> |
| Specifications & Purity: | ≥98%, mixture of isomers            |
| SKU #                    | <b>D194587</b>                      |

| Parameter                        | Limit Values          |
|----------------------------------|-----------------------|
| Purity(mixture of isomers)(HPLC) | 98-100 (%)            |
| Mass spectrum                    | Conforms to standard  |
| Proton NMR spectrum              | Conforms to structure |
