## Specification Sheet

|                          |                                                                                    |
|--------------------------|------------------------------------------------------------------------------------|
| Product Name:            | 4-((Dimethylamino)methyl)phenylboronic acid(contains varying amounts of Anhydride) |
| Specifications & Purity: | ≥97%                                                                               |
| SKU #                    | D290692                                                                            |

| Parameter                | Limit Values               |
|--------------------------|----------------------------|
| Purity(HPLC area)        | 97-100 (%)                 |
| NMR Spectrum 1H          | Conforms to Structure      |
| Appearance(D290692)      | White to off-white (Solid) |
| LC-MS for identification | Conforms                   |
