## Specification Sheet

|                          |                                                                      |
|--------------------------|----------------------------------------------------------------------|
| Product Name:            | <b>1-[2-(dimethylamino)ethyl]-5-oxopyrrolidine-3-carboxylic acid</b> |
| Specifications & Purity: | <b>≥97.0%</b>                                                        |
| SKU #                    | <b>D342794</b>                                                       |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(GC)          | 97-100 (%)            |
| Proton NMR spectrum | Conforms to Structure |
