

## Specification Sheet

|                          |                                                     |
|--------------------------|-----------------------------------------------------|
| Product Name:            | <b>D-myo-Inositol-2,4-diphosphate (sodium salt)</b> |
| Specifications & Purity: | ≥98%                                                |
| SKU #                    | <b>D348195</b>                                      |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC area)        | 98-100 (%)            |
| LC-MS for identification | Conforms              |
| NMR Spectrum 1H          | Conforms to structure |
